At the discretion of the stalls co-ordinator a refundable green bond of \$120 will be issued with your invoice. If you meet the requirements below then your green bond will be refunded after the festival.

As a food stallholder, you will be required to serve all food on biodegradable/compostable plates, cutlery and cups. Either bamboo or 100 per cent paper plates only. NO 'biopak' clear cups or lids please as they are commonly mistaken as plastic and contaminate our recycling stream. We will provide you with bins for your green waste that will be collected over the weekend by our wonderful waste team and then sent to be composted.

There are to be no plastic bags provided to your customers. If bags are needed for your product please provide paper bags.

Helpful Info

Majors Creek Festival is held on the Majors Creek Recground. It can get cold, it can get windy and it can get hot! Sometimes all of these in one day. Please remember this and prepare for all climates. Make sure you have your marquee fully secured and wear a hat. Bring your own water as we have limited supply.
